

Fiber Optic LC Multi Mode Beige Duplex Adapter

Features:

- Adopts high precision ceramic ferrule
- Precision mechanical dimension
- Low insertion loss
- RoHS Compliant

Application:

- Premise distribution networks
- Backbone networks
- Enterprise networks
- Telecom networks
- Data center
- FTTH

Specifications:

- Adapter Type: LC Duplex
- 100% Optical performance inspection
- Cable color : Beige
- Telcordia GR-326, IEC, TIA/EIA Standard compliant

General Specification	
Adapter	
Type	LC
Type of Polish	PC
Body	Plastic
Sleeve Material	Zirconia Ceramic
Adapter	
Type of Connector	MM
Technical Specification	
Insertion Loss	≤ 0.2dB
Durability (1000 Mating)	0.2dB Max
Operating Temperature	
-40 ~ + 80 °C
