

# Fiber Optic LC Multi Mode Beige Duplex Connector

## Features:

- Adopts high precision ceramic ferrule
- Precision mechanical dimension
- Low insertion loss
- Ultra low back reflection
- RoHS Compliant

## Application:

- Premise distribution networks
- Backbone networks
- Enterprise networks
- Telecom networks
- Data center
- FTTH

## Specifications:

- Connector Type: LC Duplex
- Ferrule inner diameter tolerance SM125+1/-0um
- Cable color : Beige

General Specification	
<b>Connector</b>	
Type	LC
Type of Polish	PC
Body	Plastic
Ferrule Material	Zirconia Ceramic
<b>Connector</b>	
Type of Connector	MM
<b>Technical Specification</b>	
Insertion Loss	≤ 0.3dB
Durability (1000 Mating)	0.2dB Max
<b>Operating Temperature</b>	
-40 ~ + 80 °C
